PROFESSIONAL SUMMARY

Highly motivated and adaptable technical professional with hands-on experience in IT support and a strong foundational knowledge of cloud engineering. Currently pursuing a Level 7 Diploma in Cloud Engineering, I am eager to leverage my skills in systems administration, network configuration, and cloud platforms (AWS, Azure) to contribute to an entry-level technical role. A quick learner with a proven ability to solve problems and a diverse background demonstrating reliability and a strong work ethic.

TECHNICAL SKILLS

- **Cloud Platforms:** AWS, Azure
- **Operating Systems:** Windows 11, Linux (Ubuntu), Windows Server
- **Systems & Software:** Active Directory (on-premises & Azure AD), Intune, Microsoft 365, Exchange Administration, VPC, Vnet, Docker, Jira, PDQ
- **Networking:** Load Balancer, VPC, Cloudfront, Global Accelerator
- **Storage & Databases:** AWS S3 Bucket, Azure Storage, Lambda Functions
- **Tools:** Microsoft Teams, Mitel phone systems
- **Programming:** Python

EDUCATION AND CERTIFICATIONS

Graduate Diploma on Data Analytics (currently study on Hybrid options) NZSE Auckland

- Data Engineering
- Data Collections
- Data Transformation
- Artificial Intelligence and machine Learning

Yoobee Colleges Ltd. (Waiting for certificate of completion) Diploma in Cloud Engineering Level 7

- **Coursework:** AWS Cloud Practitioner, Azure Fundamentals, AWS Cloud Administrator, Azure Administration.
- **Key Topics:** Deploying VPCs and Vnets, storage configuration, serverless models, containerization with Docker, and cloud resource management.

AWS Academy Graduate

- **AWS Academy Cloud Operations** (Credential ID: 19464485-46ae-46ad-a783-290df432078a)
- **AWS Academy Cloud Foundations** (Credential ID: 03bd650d-b631-4102-875e-9b13cf635468)
- **AWS Educate Machine Learning Foundations** (Credential ID: 03bd650d-b631-4102-875e-9b13cf635468)

Coursera Online Course

- **Microsoft Python Professional Certificate**

Open Polytechnic

- **Bachelor of Science in Information Technology**
- **Coursework:** Software Development, Web Development, Database Administration, Operating Systems

CLOUD & IT PROJECTS

- **Identity Management:** Created and managed Azure virtual machines to install and deploy Active Directory users and groups on both AWS Windows Server and Azure VMs.
- **Network & Web Services:** Designed and deployed a load balancer using Windows and Ubuntu servers and installed a web server for high availability.
- **Storage & Automation:** Configured AWS buckets, implemented lifecycle policies, and deployed a Lambda function for automated monitoring.
- **Cloud Infrastructure:** Created a VPC and deployed an EC2 Auto Scaling group, configured Amazon CloudFront, and implemented a global accelerator for improved performance.
- **Containerization:** Researched and deployed Azure Functions and designed an Azure container solution using Docker.
- Intermediate web development React, material UI and MySQL

WORK EXPERIENCE

Area Manager, Arataki Honey Ltd. (Feb 2012 - May 2023 / Aug 2023 - Present)

- Managed daily operations including queen raising, honey production, and logistics.
- Operated small trucks and forklifts and oversaw food handling and packaging.
- Served as a registered NZ beekeeper inspector, responsible for identifying diseases and communicating with farm owners.

Technical Support Engineer, MCCoskers Contracting Ltd. (Jun 2023 - Aug 2023 3 Months contract)

- Performed desktop and device deployment using PDQ software and Intune, ensuring efficient setup for new employees.
- Managed and configured Active Directory (on-premises and cloud), Microsoft 365, and Exchange Administration.
- Provided client support for technical issues via phone, Teams, and a Mitel phone system.
- Used Jira for ticketing and tracking support requests.

Technical Support Engineer (Trainee), Emerson Network Power (Astec Int'l Ltd.) (Feb 2005 - Apr 2005)

- Assisted with PC and network setup, including software updates, driver installations, and antivirus management.
- Performed system administration tasks and managed PC configurations and printer troubleshooting.

Virtual Tour / Graphic Editor (Freelancer), Prestige Vision (Jan 2010 - Feb 2011)

- Created logo designs, edited photos, and performed color balancing using Photoshop.
- Administered SEO and OPENX for client websites.
